FROM : SA/DCI/IA

SUBJECT : SSCI Hearing on Central America, 17 May 1982

1. You are scheduled to update the SSCI next Monday [redacted]

[redacted] I understand that this will be, in general, a repeat of last Monday's briefing of the HPSCI.

2. Included are the materials you used with the HPSCI. Based on your notes, I had your presentation typed. We had trouble making out the last sentence. Your original notes are included for your reference. You twice referred to the 25 April elections in El Salvador--I believe you intended to say 28 March, unless you had in mind some aspect of Salvadoran efforts to construct a new government.
